The Honorable Robert Peck
Commissioner, Public Buildings Service
U.S. General Services Administration
1800 F Street, NW
Washington, D.C. 20405

Dear Commissioner Peck:

We write to request information regarding the General Services Administration's (GSA) properties. On several occasions, including directly with you, during a Subcommittee hearing, and subsequently with your staff, requests have been made regarding access to property lists and other information.

In particular, we would request that GSA provide access to the property lists and other information contained in the Federal Real Property Profile database of GSA-controlled properties. Access to this database is critical to ensuring that our Subcommittee can properly conduct oversight and evaluate proposals for space submitted for congressional approval.

We would request that the following be provided to the Subcommittee no later than Friday, March 11, 2011:

- Access to the database as it pertains to GSA-controlled properties; and
- A complete list, both a hard copy and electronically, of all GSA-controlled properties included in the database, including the building address, square footage, estimated market value, how much the property costs the federal government to maintain, current building capacity, current building use, and other associated information.

Should you have any questions regarding this request, please contact the Subcommittee Staff Director, Dan Mathews at (202) 225-3014.

Sincerely,

Jeff Denham, M.C.
